## Good to know

- Acquiring a Virus table is space saving. Virus requires only the exact space that is needed for a company of 3, 4 or 5 people. The identical seating frame is configured around a tabletop that fits exactly what you need for a simple lunch or breakfast. Nothing more, nothing less.
- There is a version with a flat tabletop and a version with drainage holes & parasol hole of ø1.5 inch.
- Virus combines perfectly with Acacia or Inumbrina medium (only with parasol foot).

- Stacking spacer (& purse hanger) included.
- Our Virus picnic tables are stackable up to 3 high. Stack them with equal number of seats. A 3-seater needs three pieces, a 4-seater needs four pieces, and so on.
