Materials	Key facts	Thickness mm	Layer thickness micron	Density	In/outdoor	Water	UV color fastness	Flame retarding
Jatoba hardwood	 <ul style="list-style-type: none"> • Durability CLASS 1 • Exceptional quality • Characteristics: durability & stability • Bleeds when wood is exposed to rain for the first few times • The dye is water-soluble • Carries the FSC® label for durable forestry • Feels comfortable in all weather conditions • Advisable to oil the wood 	18 - 35	n.a.	830 kg/m ³	Outdoor & indoor	n.a.	Untreated wood turns grey after a while	/
Anodized aluminium frame & legs (chairs, benches & tables)	<ul style="list-style-type: none"> • A process aimed at thickening the existing aluminium oxide layer • Thickest layer of protection 	3 - 10	50 - 100	2,70 10 ³ kg/m ³	Outdoor & indoor	n.a.	Very good	NEN-EN 13501-1 A1*
Stainless steel legs AISI 316	<ul style="list-style-type: none"> • Highest stainless steel quality available (AISI 316) • High rust resistance • Periodical maintenance required 	2 - 8	n.a.	8,00 10 ³ kg/m ³	Outdoor & indoor	n.a.	Very good	NEN-EN13501-1 A1*
Sunbrella® cushions	<ul style="list-style-type: none"> • 100% Sunbrella Acrylic • Best outdoor fabric available for making cushions • Dirt repellent • Not waterproof, store inside! • Machine washable at max. 30°C. Ironing restores the protective layer 	0,50	n.a.	260 g/m ²	Outdoor & indoor	The fabric has a water column of 350 mm (EN 20811)	7/8 (ISO 105-B02)	/

NEN-EN13501-1 A1

Class A1 products will not contribute to fire in any stage, including fully developed fire. For this reason, they are assumed to be capable of satisfying all requirements of all lower classes as well.

Good to know

- There are cushions available for all chairs and benches.
- Bench cushions = 45 x 40 x 5 cm

Chair

Lounge chair

Sunlounger

Maintenance

- **WOOD**
- Clean regularly with mild detergent.
- Thorough cleaning with Extremis Wood Cleaner.
- Oil the wood with Extremis Wood Protector. We recommend oiling the wood at regular intervals depending from location and general weather conditions.
- In order to smoothen the surface again after a thorough cleaning, lightly sand your wood with 120 grit sanding paper or a sanding pad.

ANODIZED ALUMINIUM

- Clean with lukewarm water and a mild detergent or Extremis multi cleaner.

STAINLESS STEEL

- Clean regularly with a dry cloth and some stainless steel cleaner

SUNBRELLA

- Shake or brush off loose dirt immediately.
- Spray Extremis Multi Cleaner.
- Use a soft brush and make circular movements.
- Let the suds soak in for a moment.
- Rinse thoroughly to remove all soap residue.
- Simply allow to dry.
- It's also possible to put the blanket and the pillow covers in a washing machine (max 40°C). Follow the cleaning instruction on the label.
- If the cushion has metal brackets, we recommend turning the cover inside out first to avoid damaging the washing machine. In this case, leave the zipper open about 10 cm.

F.A.Q.

Q: *Do you need to oil the wood?*

A: Just like other types of wood, wood will gradually become rougher and start to turn grey as a consequence of exposure to the sun and rain. Small cracks and crevices can also appear as part of this process. We strongly advise everyone to treat the furniture with our Wood Protector. This 100% natural oil controls the moisture level within the wood, which makes the planks stay stable for longer, and the layer of oil also helps to prevent spilled liquids from being absorbed, so that stains tend to stay superficial. It is best to repeat this treatment at regular intervals.

Wheels

There are optional wheels available for all tables.

Warnings

General

- Do not use any sharp tools to open the packaging.
- We strongly advise against using power tools.
- Tripping hazard, mind your step.
- Do not put out cigarettes on the table chairs & benches.
- Not graffiti proof.
- Do not leave children unattended whilst playing on the table.
- To avoid danger of suffocation, keep plastic bags away from babies and children.
- Colors can differ over years and from batch to batch.

Product

- Do not drag the table, but carry it with minimum 2 people.
- Anchoring the product has to be done by qualified people.
- For anchoring: use suitable bolts or screws from a specialized store depending on the material your terrace is made of.

Wood

- When delivered, the wood is untreated.
- The wood can bleed when it's exposed to rain for the first few times.

- Wood is a natural material and its look is different for every slat, plank and tree.
- Wood will gradually become rougher and start to turn grey as a consequence of exposure to the sun and rain. We recommend oiling the wood at regular intervals depending from location and general weather conditions.
- Clean regularly with mild detergent. Never use a high pressure cleaner as this will roughen the wood's smooth surface and irreparably damage the wood's fiber.
- Thorough cleaning with Extremis Wood Cleaner.
- We strongly recommend that you treat your wood with wood protector to protect it from stains - small cracks and crevices can also appear as part of this process. We strongly advise everyone to treat the furniture with our Wood Protector.

Anodized aluminium

- Do not use abrasive scouring powders or scourers as they will scratch the surface.
- Color can fade to some extent when exposed to UV.
- Flame retarding - NEN-EN13501-1 A2-sl - Satisfying the same criteria as Class B for the SBI-test according to EN13823. In addition, under conditions of a fully developed fire these products will not significantly contribute to the fire load and

fire growth.

- Dark colors can get very hot in sunny weather.

Stainless steel

- Very good UV color fastness.
- Flame retarding: NEN-EN13501-1 A1 - Class A1 products will not contribute to fire in any stage, including fully developed fire. For this reason, they are assumed to be capable of satisfying all requirements of all lower classes as well.
- Watch out, stainless steel isn't entirely rustproof! Be sure to avoid contact with iron objects. If it does show signs of rust, clean with rust remover as quickly as possible.

Sunbrella

- Not waterproof, store inside!
- Shake or brush off loose dirt immediately.
- UV color fastness: 7/8 (ISO 105-B02).
