### NEN-EN13501-1 A1

Class A1 products will not contribute to fire in any stage, including fully developed fire. For this reason, they are assumed to be capable of satisfying all requirements of all lower classes as well.

### NEN-EN13501-1 A2-s1

Satisfying the same criteria as class B for the SBI-test according to EN 13823. In addition, under conditions of a fully developed fire these products will not significantly contribute to the fire load and fire growth

## Good to know

- 'Hopper' stands for 'Hop Picker', because the range is inspired by hop gardens, harvests and beer fests.
- PEFC™ certified wood originates from sustainably managed forests.
- The Hopper picnic legs are cut out of an aluminium or metal sheet nearly without any loss of material.
- Hopper combo allows you to add more seating comfort with Captain's chairs, and allows kids in a kids chair or people in a wheelchair to join the company.

## Important

- Use our packaging material for better support to attach the legs to the tabletop.
  1. Leave the box on the pallet.
  2. Remove the lid of the box.
  3. Take the legs out of the box.
  4. Put the lid back on the box.
  5. Put the tabletop on top of the box.
  6. Assemble the Hopper combo.

## F.A.Q.

Q: *Won't those wide boards curl up after a while?*

A: Iroko hardwood & Hellwood are very stable types of wood and Class I. Nevertheless, the tabletop is completely supported by a galvanised frame to which each board is attached separately. The wood has no structural function.

## Maintenance

www.extremis.com/maintenance

### POWDER COATED PARTS

- Use Extremis multi cleaner, a 100% biodegradable detergent or common kitchen cleaning products. Avoid using aggressive products. These surfaces are best cleaned with a neutral cleaning product diluted in water.

### GALVANIZED PARTS

- Clean with lukewarm water and a mild detergent or Extremis multi cleaner.

### WOOD

- Clean regularly with mild detergent.
- Thorough cleaning with Extremis Wood Cleaner.
- Oil the wood with Extremis Wood Protector. We recommend oiling the wood at regular intervals depending from location and general weather conditions.
- In order to smoothen the surface again after a thorough cleaning, lightly sand your wood with 120 grit sanding paper or a sanding pad.

### SUNBRELLA

- Shake or brush off loose dirt immediately.
- Spray Extremis Multi Cleaner.
- Use a soft brush and make circular movements.
- Let the suds soak in for a moment.
- Rinse thoroughly to remove all soap residue.
- Simply allow to dry.
- It's also possible to put the cushion in a washing machine (max 40°C). Follow the cleaning instruction on the label.
- If the cushion has metal brackets, we recommend turning the cover inside out first to avoid damaging the washing machine. In this case, leave the zipper open about 10 cm.

### RECOMMENDED USE

- For Extremis Wood protector:

| 1L                                  | 0.5L                                |                                       |
|-------------------------------------|-------------------------------------|---------------------------------------|
| 3 to 5 wood care treatments for 180 | 1 to 3 wood care treatments for 180 | 200 - 300 ml for one Hopper combo 180 |
| 2 to 4 wood care treatments for 240 | 1 to 2 wood care treatments for 240 | 250 - 350 ml for one Hopper combo 240 |
| 2 to 3 wood care treatments for 300 | 1 to 2 wood care treatments for 300 | 300 - 400 ml for one Hopper combo 300 |
| 1 to 2 wood care treatments for 360 | 1 wood care treatments for 360      | 350 - 500 ml for one Hopper combo 360 |

## Warnings

### General

- Do not use any sharp tools to open the packaging.
- We strongly advise against using power tools.
- Tripping hazard, mind your step.
- Do not put out cigarettes on the table.
- Not graffiti proof.
- Do not leave children unattended whilst playing on the table.
- To avoid danger of suffocation, keep plastic bags away from babies and children.
- Colors can differ over years and from batch to batch.

### Product

- Do not drag the table, but carry it with minimum 2 people.
- The packaging material of the legs must stay intact, you need it to attach the legs to the tabletop.
- 180 cm: max. 4 people or 320 kg per bench - 240 cm: max. 5 people or 400 kg per bench - 300 cm: max. 6 people or 480 kg per bench - 360 cm: max. 7 people or 560 kg per bench.
- Regularly clean the flat surface of the legs.

### Wood

- When delivered, the wood is untreated.
- Wood is a natural material and its look is different for every slat, plank and tree.
- Wood will gradually become rougher and start to

turn grey as a consequence of exposure to the sun and rain. We recommend oiling the wood at regular intervals depending from location and general weather conditions.

- Clean regularly with mild detergent. Never use a high pressure cleaner as this will roughen the wood's smooth surface and irreparably damage the wood's fiber.
- Thorough cleaning with Extremis Wood Cleaner.
- We strongly recommend that you treat your wood with wood protector to protect it from stains - small cracks and crevices can also appear as part of this process. We strongly advise everyone to treat the furniture with our Wood Protector.

### Galvanized steel

- Galvanization will become less shiny when used outdoors.
- Flame retarding - NEN-EN13501-1 A1 - Class A1 products will not contribute to fire in any stage, including fully developed fire. For this reason, they are assumed to be capable of satisfying all requirements of all lower classes as well.
- Possible impurities in the immersion tank can cause black marks during galvanization, which are intrinsic to this industrial finishing technique.
- White marks on this zinc layer are also intrinsic to this procedure and will disappear when the furniture is put outdoors.

- This industrial finishing technique may result in a rougher surface. This is intrinsic to the process.

### Powder coating

- White powder coating requires more maintenance.
- Do not use abrasive scouring powders or scourers as they will scratch the surface.
- Color can fade to some extent when exposed to UV.
- Flame retarding - NEN-EN13501-1 A2-sl - Satisfying the same criteria as Class B for the SBI-test according to EN13823. In addition, under conditions of a fully developed fire these products will not significantly contribute to the fire load and fire growth.
- Dark colors can get very hot in sunny weather.

### Sunbrella

- Not waterproof, store inside!
- Shake or brush off loose dirt immediately.
- UV color fastness: 7/8 (ISO 105-B02).
