Materials

Materials	Key facts	Thickness	Layer thickness	Density	In/outdoor	Water	UV color fastness	Flame retarding
		inch	micron					
Polypropylene shell	Reinforced polypropylene (17% fiberglass)	0.20 - 0.31	n.a.	1.98 10 ³ lb/ft ³	Outdoor & indoor	n.a.	Very good UV-resistance	/
Structured powder coated zinced steel legs (sliding & high sliding chair)	 Easy to clean Cold galvanized, then powder coated 	0.47	100	0.47 10 ³ lb/ft ³	Outdoor & indoor	n.a.	Very good: color can fade to some extent when expo- sed to UV	NEN- EN13501- 1 A1 *
Hot dip galvanized steel (sliding chair)	 Most durable method for protecting metal from rusting Protective layer Very long life span 100% recyclable Cradle to Cradle Certified[™] 	0.08 - 0.39	50 - 100	0.47 10°lb/ft ³	Outdoor & indoor	n.a.	Very good, galvanization will however become less shiny when used outdoors	NEN- EN13501- 1 A1 *
Structured powder coated stainless steel legs (pipe chair)	 Easy to clean Stainless steel (for protection against rust), then powder coated More scratch-resistant than non structured powder coated 		80	0.50 10 ³ lb/ft ³	Outdoor & indoor	n.a.	Very good: color can fade to some extent when expo- sed to UV	NEN- EN13501- 1 A1 *
Sunbrella® cushions	 100% Sunbrella Acrylic Best outdoor fabric available for making cushions Dirt repellent Not waterproof, store inside! Machine washable at max. 30°C. Ironing restores the protective layer 	0.01	n.a.	9.53 oz/ft²	Outdoor & indoor	The fa- bric has a water column of 350 mm (EN 20811)	7/8 (ISO 105-B02)	/

<u>NEN-EN13501-1 A1</u>

Class A1 products will not contribute to fire in any stage, including fully developed fire. For this reason, they are assumed to be capable of satisfying all requirements of all lower classes as well.

<u>DIN 4102 - B2/M2</u>

Kleinbrenner: Class B2: All materials used in buildings in Germany need to meet the B2 requirement which is determined using a small flame test.

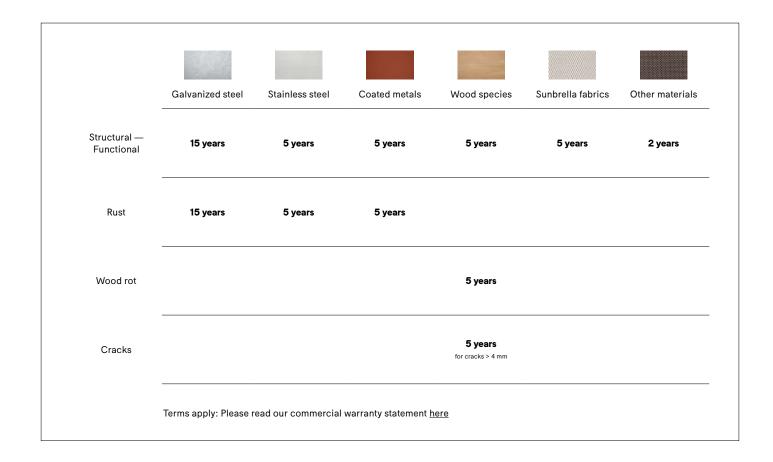

Warranty

Our quality promise, made solid. Material based warranty.

Each material has unique properties, and the warranty covers issues specific to each. Steel should not rust, coatings should not peel, and wood should not rot. We have outlined the warranty coverage for all materials in our Warranty Chart for your convenience.

Based on our 30 years of expertise with wood, fabrics and metals, we now offer 5 to 15 years warranty.

Good to know

- Because the shells and frames are separately stackable, they don't take up a lot of transport volume.
- No need for extra straps to fix the cushions.
- The quilted cushion perfectly fits into the shell. When not using the quilted cushion, simply fold it using the built-in strap and •
- button. There is a water drain and ventilation hole in the shell.
- Captain's Chair combines perfectly with:

With Marina combo

With Marina high table

With Hopper combo

With Pantagruel high table

Maintenance

SHELL

Use common kitchen cleaning products. Avoid using aggressive products. These surfaces are best cleaned with a neutral cleaning product diluted in water.

POWDER COATED LEGS

Use Extremis multi cleaner, a 100% biodegradable detergent or common kitchen cleaning products. Avoid using aggressive products. These surfaces are best cleaned with a neutral cleaning product diluted in water.

GALVANIZED STEEL LEGS

Clean with lukewarm water and a mild detergent or Extremis multi cleaner.

SUNBRELLA

- Shake or brush off loose dirt immediately.
- Spray Extremis Multi Cleaner. . Use a soft brush and make circular movements.
- Let the suds soak in for a moment.
- Rinse thoroughly to remove all soap residue.
- Simply allow to dry.

F.A.Q.

Q: Is the chair weatherproof?

A: Yes, except for the versions with wheels. The shell and frame of the Captain's Chair are made of durable, UV- & water proof materials. The shape of the shell makes sure water can evacuate easily

Warnings 🛆

General

- Do not use any sharp tools to open the packaging.
- We strongly advise against using power tools.
- Tripping hazard, mind your step. Do not put out cigarettes on the chair. Not grafitti proof.
- Do not leave children unattended whilst playing on the chair.
- To avoid danger of suffocation, keep plastic bags away from babies and children
- Colors can differ over years and from batch to batch.

Product

- Stains should be removed immediately with a clean, soft cloth, particularly in case of darkcolored liquids such as wine, ink, coffee, coke, oil or bird droppings. If left to dry, these liquids may cause permanent damage.
- The chairs are weatherproof, except for the versions with wheels
- Do not stand on the chairs. .

- Max. 264 lb per chair
- . Do not lean backwards, always stay on 4 feet.
- Store the cushions indoors when not used.
- Risk of suffocation in plastic bags.

Polypropylene

Avoid using aggressive & abrasive products. Very good UV-resistance.

Powder coating

- White powder coating requires more maintenance. Do not use abrasive scouring powders or scourers as they will scratch the surface.
- Color can fade to some extent when exposed to UV. Flame retarding - NEN-EN13501-1 A2-sl -
- Satisfying the same criteria as Class B for the SBI-test according to EN13823. In addition, under conditions of a fully developed fire these products will nog significantly contribute to the fire load and fire growth.
- Dark colors can get very hot in sunny weather.

Galvanized steel

- Galvanization will become less shiny when used outdoors.
- Flame retarding NEN-EN13501-1 A1 Class A1 products will not contribute to fire in any stage, including fully developed fire. For this reason, they are assumed to be capable of satisfying all requirements of all lower classes as well.
- Possible impurities in the immersion tank can cause black marks during galvanization, which are intrinsic to this industrial finishing technique.
- White marks on this zinc layer are also intrinsic to this procedure and will disappear when the furniture is put outdoors.
- This industrial finishing technique may result in a rougher surface. This is intrinsic to the process.

Sunbrella

- Not waterproof, store inside!
- Shake or brush off loose dirt immediately.
- UV color fasteness: 7/8 (ISO 105-B02).
