Pantagruel picnic 7

Picnik 8

Sticks 9

Hopper picnic 300

Dirk Wynants

Hopper is a more functional solution for a classic concept: the picnic table. The bent leg feature eliminates the awkward straddle of climbing over the benches. Aluminium or steel legs in combination with class I hardwoods ensure material longevity while the attached benches offer a clean aesthetic at all times. If you prefer a mono-material picnic table, you can opt for Hopper AA, our All Aluminium version.

STANDARD LEGS

Outer dimensions (l x w x h): 298 x 160 x 74 cm - 8 people

The wooden Hopper picnic has a galvanized steel frame

		IROKO Tropical hardwood tabletop & benches	
	GALVANIZED STEEL	HOW052	3 pc(s)

Inumbra

Dirk Wynants

Inumbra is unique because of its pure aesthetics. The mechanical parts of this umbrella are positioned at the top, resulting in a flat canopy that catches less wind than typical convex shapes. In a wind tunnel test it resisted winds up to gale force 8 on the Beaufort scale, but we advise you to close it at force 6 (you will hear the cords whistling). When paired with Gargantua or Pantagruel picnic, the umbrella pole is fastened to the tabletop. This looks clean and is also practical, as no legroom is lost under the table. The combination makes it the sturdiest terrace set you have ever seen.

INUMBRA MEDIUM

Inumbrina

Dirk Wynants

The major difference between Inumbra and Inumbrina lies in how they are operated. When converting to a thinner and lighter central pole, the challenge was to replace the handle and spindle system. Our technical team came up with an ingenious pulley and rope system. Opening and closing the parasol with a rope turns out to be really easy, and even faster! Although the parasol can withstand wind speeds of up to 8 on the Beaufort scale, it is advisable to close it sooner (from wind speed 6 as a rule of thumb).

INUMBRINA LARGE

ø380 cm

High-tech polyester fabric + Stainless steel pole

Cover included

Pantagruel picnic

Dirk Wynants

The Pantagruel round picnic table seats eight. The frame is available in a powder coated or galvanized finish. When combined with the wood used for the tabletop and benches it forms a durable outdoor picnic set. Pantagruel also features a Lazy Susan, to take the hard work out of passing food and drinks around.

Outer dimensions (ø x h): 227 x 75 cm

		BLACK + IROKO RAL9005 + Tropical hardwood	PAN008	6 pc(s)
		WHITE + HELLWOOD RAL9016 + Thermally treated wood	PAN001	4 pc(s)

Picnik

Dirk Wynants & Xavier Lust

Picnik is made from a single sheet of aluminum, cut and bent to shape with zero waste. The form seats two people comfortably at the tabletop and withstands the harshest of the elements outdoors. A perfect example of 'form follows function', Picnik is a true design classic in the Extremis collection.

STANDARD FEET

Outer dimensions (l x w x h): 147 x 95 x 75 cm
Structured powder coated aluminium

WHITE
RAL9016

PIC001

3 pc(s)

Sticks

Hsu-Li Teo & Stefan Kaiser

This space divider is ideal for creating a feeling of privacy in a garden or on a balcony without losing the sense of freedom typical of open spaces. Use Sticks indoors to adapt the look of a room or office arrangement entirely to your own taste. You can also choose which and how many rods you use and create various degrees of transparency, color combinations or differences in length. Delivered with optional feet for delicate floors. Rubber can cause stains on delicate surfaces. We recommend to use the feet if placed indoors. Use a wooden base on carpet floor.

Combine a base + rods to compose your favorite sticks.

STANDARD BASES

Outer dimensions (l x w x h): 60 x 30 x 5 cm

Rods not included

		RUBBER	STI076	19 pc(s)
		NATURAL WOOD	STI061	12 pc(s)

RODS FOR STANDARD & CURVED BASES

		150 CM White	STI012	13 pc(s)
		180 CM White	STI013	5 pc(s)
