Inumbra

Dirk Wynants

Inumbra is unique because of its pure aesthetics. The mechanical parts of this umbrella are positioned at the top, resulting in a flat canopy that catches less wind than typical convex shapes. In a wind tunnel test it resisted winds up to gale force 8 on the Beaufort scale, but we advise you to close it at force 6 (you will hear the cords whistling). When paired with Gargantua or Pantagruel picnic, the umbrella pole is fastened to the tabletop. This looks clean and is also practical, as no legroom is lost under the table. The combination makes it the sturdiest terrace set you have ever seen.

Inumbrina

Dirk Wynants

The major difference between Inumbra and Inumbrina lies in how they are operated. When converting to a thinner and lighter central pole, the challenge was to replace the handle and spindle system. Our technical team came up with an ingenious pulley and rope system. Opening and closing the parasol with a rope turns out to be really easy, and even faster! Although the parasol can withstand wind speeds of up to 8 on the Beaufort scale, it is advisable to close it sooner (from wind speed 6 as a rule of thumb).

Pantagruel picnic

Dirk Wynants

The Pantagruel round picnic table seats eight. The frame is available in a powder coated or galvanized finish. When combined with the wood used for the tabletop and benches it forms a durable outdoor picnic set. Pantagruel also features a Lazy Susan, to take the hard work out of passing food and drinks around.

Outer dimensions (ø x h): 227 x 75 cm

		BLACK + IROKO RAL9005 + Tropical hardwood	PAN008	5 pc(s)
		WHITE + HELLWOOD RAL9016 + Thermally treated wood	PAN001	4 pc(s)

Sticks

Hsu-Li Teo & Stefan Kaiser

This space divider is ideal for creating a feeling of privacy in a garden or on a balcony without losing the sense of freedom typical of open spaces. Use Sticks indoors to adapt the look of a room or office arrangement entirely to your own taste. You can also choose which and how many rods you use and create various degrees of transparency, color combinations or differences in length. Delivered with optional feet for delicate floors. Rubber can cause stains on delicate surfaces. We recommend to use the feet if placed indoors. Use a wooden base on carpet floor.

Combine a base + rods to compose your favorite sticks.

STANDARD BASES

Outer dimensions (l x w x h): 60 x 30 x 5 cm
