

## SOL+LUNA

Just imagine: a lazy day in the sun, a siesta or a relaxing break with a book. In the evening, your best friends drop by unexpectedly as the sun is going down. Great company, tapas and a mojito with mint from the garden... what more could you dream of? Extremis has come up with the ideal 'tool' to make this happen. Sol+Luna is a two in one piece: furniture that has a function by day and by night. The perfect way to make optimal use of your patio.

The sun bed has a handy shelf to put things on at the side, which also makes a perfect backrest: just throw on a couple of cushions and you instantly create a comfortable sofa for three people.

*Borealis*

*Australis*

The Sol+Luna range is in **two versions**. The southern version, Australis, is clean and architectural, whereas the northern version, Borealis, has a somewhat more organic look. Depending on the surroundings where the furniture will be placed, you can choose the finish that suits you best.

The Extremis single recliner is also a three-seater sofa, and a set of two recliners becomes a suite for six people. Sol+Luna, or sun and moon in Spanish, is a name that reflects the double purpose of this new piece of furniture, which can be used around the clock from your morning dip to the pool party after hours

**Extra options** include the recliner cushions, back cushions, towel holder and even a little locker to store your most precious items while you are swimming lengths in peace. With extra tables, shades and light, Extremis makes sure you have absolutely everything you need. The compact, adjustable shade also provides light. This can be fitted to the sofa with a simple plug-in system. We have also provided extra little tables with the same plug-in system. So bring on the snacks!

## PRIVATE RESIDENCE

Sunbathe during the day, lounge with friends by night. Take it easy in our brand new Sol+Luna sun bed, which transforms into a comfortable sofa at sunset. The optional sun shade changes into a full moon every night...
