Refurbishment tools

Tools for togetherness

Hi there!

Every tool for togetherness has a long history, even before it's being used by you. Designed logically and ecologically, solidly engineered after a thorough search and selection of quality materials, and then carefully made in Belgium. The result? An Extremis piece that you can love for a lifetime, something to pass on to the next generations.

To extend the lifespan of our furniture even more, we offer spare parts. As every Extremis piece is designed with an efficient assembly process in mind, replacing a certain part is rather easy. We are more than proud to welcome you to our 'refurbishment tools'*

Acacia

This compact, asymmetrical, Acacia-shaped umbrella fits the limited space of a balcony or small patio. Its clever design lets you create all the shade of a larger umbrella with a much reduced surface area. Simply use the handle and turn Acacia to the sun. Instead of closing the umbrella, simply remove the canvas and store it in the bag. What's left is a beautiful tree-like sculpture that can weather the year outdoors.

AMAi

AMAi is the flexibility that you desire, all the time, indoors and outdoors. Two A-shaped side frames provide a solid construction where multifunctional magic finds its purpose. In between these frames, you can position the tabletop into two heights: standard or high. Thanks to the innovative design, even a single person can smoothly slide the tabletop from 'sitting height' into 'standing height' and vice versa.

Anker

Anker is our answer to a growing need for optimal use of space. The compact 6-seater picnic table encourages one-on-one conversations, but its appearance invites people to come on board. Just slide in at the sides of the benches, without having to lift your leg. The solid frame is very robust and weather resistant. Configure Anker as you wish: choose galvanized steel or a powder coated finish, combined with Hellwood or Iroko hardwood tabletop and benches.

Captain's Chair

The Captain's Chair owes its name to its shape, which draws inspiration from yacht helm chairs. It's a shell chair offering unrivalled seating comfort. Thanks to this variety of frames, the chair can be used in all kinds of environments: public spaces, private homes, indoors, outdoors, etc. It is perfectly suited for terraces, patios, hotels, restaurants, pubs, offices, dining rooms, meeting rooms, bars and lounges, to name but a few possibilities.

Extempore

Extempore is an extensive, modular outdoor furniture range offering solutions for all your day-to-day needs such as sitting, dining, lying, relaxing, reading, etc. As the Extempore range is made exclusively with top-quality materials, it can be left outdoors all year round. The range's extensive nature is clearly exemplified by the large choice of table sizes, each with matching chairs or benches, and the foot rest, lounge chair and sun lounger that are also included in the range. A complete range with Jatoba hardwood (FSC 100%), stainless steel and aluminium.

Gargantua

Gargantua is a large round outdoor picnic table that offers superior functionality. The bench height can be adjusted to suit social or family circumstances. Due to this adjustability, the benches can move when you take a seat. In the highest position the benches become a tabletop extension and provide space for 12 people.

Hopper picnic

Hopper is a more functional solution for a classic concept: the picnic table. The bent leg feature eliminates the awkward straddle of climbing over the benches. Aluminium or steel legs in combination with class I hardwoods ensure material longevity while the attached benches offer a clean aesthetic at all times.

Hopper shade

In the opened and closed positions, Hopper shade echoes the lines of the Hopper design. It opens and closes effortlessly, thanks to an internal spring mechanism that takes up no extra space beside the table. This foldable canopy creates ample shade for everyone in a simple, aesthetically pleasing way.

Inumbra

Inumbra is unique because of its pure aesthetics. The mechanical parts of this umbrella are positioned at the top, resulting in a flat canopy that catches less wind than typical convex shapes. Tests in a windtunnel have shown that the shade withstands wind speeds up to 8 on the Beaufort scale (74 km/h) when anchored to the floor. Still, we strongly advise to close it sooner (from 6 on the Beaufort scale (49 km/h)).

Inumbrina

The major difference between Inumbra and Inumbrina lies in how they are operated. Opening and closing the parasol with a rope turns out to be really easy, and even faster! Although the parasol can withstand wind speeds of up to 8 on the Beaufort scale, it is advisable to close it sooner (from wind speed 6 as a rule of thumb).

Kosmos shade

The Kosmos shade has an ingenious design and opens horizontally like a fan. Tests in a windtunnel have shown that the shade withstands wind speeds up to 6 on the Beaufort scale (49 km/h) when anchored to the floor. Still, we strongly advise to close it sooner (from 4 on the Beaufort scale (28 km/h)). Two hidden magnets keep the parasol open.

Panigiri

'Pan giri' in Greek stands for 'gathering all,' and that's what this design is all about. Choose between a table with chairs, a picnic table, or a combination of both. The smart position of the benches allow easy entry without lifting your leg. Experience optimal comfort with BYOS (Bring Your Own Seat) and convenient slide-on cushions. The new Captain's Chairs Pipe Legs perfectly complement the organic, round shapes of this table.

The modular design of Panigiri offers you the freedom to add extra modules at a later time, to extend togetherness.

Sensu

This freestanding shade opens horizontally like a hand fan and does not take up any space on your precious table. Thanks to its flat surface, Sensu offers excellent wind resistance while also keeping any technical parts out of sight. This floating shade opens and closes effortlessly while by cantilevering Sensu, you optimally cast the shade. The modular central pole can hold one, two, or even four shades for a maximum shade surface. Sensu is the perfect tool for enjoying a cool moment with friends and/or colleagues on a sunny day.

Sticks

This space divider is ideal for creating a feeling of privacy in a garden or on a balcony without losing the sense of freedom typical of open spaces. Use Sticks indoors to adapt the look of a room or office arrangement entirely to your own taste. You can also choose which and how many rods you use and create various degrees of transparency, color combinations or differences in length. Delivered with optional feet for delicate floors. Rubber can cause stains on delicate surfaces. We recommend to use the feet if placed indoors. Use a wooden base on carpet floor.

Walrus

Walrus is a true innovation, as a super robust cover material is used to make a sleek, weatherproof sofa that always looks great. An ingenious storage pouch in the back of the Walrus hides a foldout blanket and cushions to provide softness and comfort. This softness is provided in a matter of seconds: a warm, dry and comfortable place to sit outdoors is instantly available as soon as the sun comes out. Yes, in all seasons! No blankets or comfort cushions pillowcase included.
