Maintenance

POWDER COATED PARTS

- Use Extremis multi cleaner, a 100% biodegradable detergent or common kitchen cleaning products. Avoid using aggressive products. These surfaces are best cleaned with a neutral cleaning product diluted in water.

SUNBRELLA

- Shake or brush off loose dirt immediately.
- Spray Extremis multi cleaner.
- Use a soft brush and make circular movements.
- Let the suds soak in for a moment.
- Rinse thoroughly to remove all soap residue.
- Simply allow to dry.

HPL

- Spilled liquids should be removed immediately with a clean, soft cloth, particularly in case of dark-colored liquids such as wine, ink, coffee, coke, oil and bird droppings.

F.A.Q.

Q: With how many people can you use the Kosmos 8-seater?

A: 7 - 8 people can sit and 3 - 5 can lie down.

Q: Is the parasol wind resistant?

A: Tests in a windtunnel have shown that the shade withstands wind speeds up to 6 on the Beaufort scale (49 km/h). Still, we strongly advise to take of the fabric sooner (from 4 on the Beaufort scale is the rule of thumb (28 km/h)).

Instructions

To transform your Kosmos into a lounge bed, push the adjustable table downwards with your right hand, while squeezing the handle underneath the tabletop with your left hand.

To use the table, squeeze the handle underneath the table again, and pull up the table with your other hand.
